THE SUBJECT INVITATION FOR BID IS AMENDED AS FOLLOWS:

Bidder Questions and APS Responses:

Question 1: Will the winning bid for the contract be primarily based on Cost Per Mile or are you interested in a daily rate? If the cost is per mile, will the average mileage per day per bus be approximately 30 miles round trip?

Answer 1: Award of the contract will be based on the Cost Per Mile. Pricing will be based on mileage from the 1st student pick up to delivery at the Career Center and the return trip. The current provider utilizes two buses with one doing thirty (30) miles round trip and the 2nd doing twenty-seven (27) miles round trip. APS established the Total Daily Base Mileage as sixty (60) miles per day round trip. The Total Daily Base Mileage amount of sixty (60) miles per day round trip will change only when new students are added or deleted from the route if the total mileage differs by ten (10) percent over ten (10) consecutive school days per Section 6.3 of the IFB.

- 6.3 APS establishes the Total Daily Base Mileage as sixty (60) miles per day. The Daily Base Mileage will be adjusted up or down if the actual mileage from the Daily Mileage Reports in Attachment D differ by ten (10) percent over ten (10) consecutive school days.
